## **No-code with Bubble for beginners**

### **Content**

Creation of an App:

- Presentation of Bubble, a user-friendly interface with drag-and-drop functionality, and extensive resources that make it an accessible and powerful no-code web app builder for beginners.
- The design, workflow, data, styles, plugins and other functions and features available on the platform will be presented and put into practice to build an App.

### **Learning Outcomes**

Upon completion of this course, learners will have a better understanding of the no-code approach. No-Code solutions require minimal or no coding expertise and empower users to maintain and configure applications.
